Egypt

Dear May.

I was very pleased to receive your letter of 6-2-16. It was good of you to write. Well so far I have had the best luck and I hope it continues. I have seen many interesting sights including Cairo, the pyramids and other parts of Egypt where we are still camped.

I am in splendid health and all I have had since joining the Army is a cold or two. I heard from home that you were down. I hope you had a good holiday. I wonder if you would like to be in the heat they were getting. It is roasting some days and between the hours of 11am & 3pm we do not work. Thanks for offering to send any little thing I ask for. Up to the present I have been able to get most things some times at a good price. A sheet or two of writing paper, and envelope with letters come in handy. And any little things come in handy and always very acceptable.

Regards to all & yourself from Alan.

Dear May,
Was very pleased to hear from
you by your card & letter of 8/10/16
I intended answering before but time
did not permit me. Thank very much
for the piece of cake that arrived safely
And how are you enjoying yourself
at Palmerston North. What sort of
Xmas did you have there. Mine was
quiet but was not a bad one considering
I have not seen Stan Lovatt for a
couple of months. I make enquires
for Ted but have not yet seen him.
I believe he is in some band. Give
my best regards to Ida when you
write.
I am still going along well &
in good health.
Things are fairly quiet here.
Regards from your sincere
friend Alan Davis

Dear May,

Your letter of 1/4/17 safely to hand for many thanks. Things have been fairly lively just lately and things a little strenuous, but still manage to keep going strong and in good health. Thanks for the snap it is very nice. Have not struck Ted yet. Will give you a letter when I have more to write of. No I have not been to England yet but expect it soon.

Best regards to all

Dear May,

I was pleased to once again hear from you by your letter of Oct. 21st. I expect you have heard from Win or Dorrie that I underwent an operation & had a cyst taken out of my neck & was then sent to Blighty. After I came out of hospital I went on 14 days leave to Glasgow & London & I had a ripping time. After that I came down to the depot in the south of England. I have now had just about 3 months and I have been enjoying the spell very much. I don't expect it will be long before I go back again. I am now feeling very much better. Ever Prince went to school with me I know him well. I haven't met Ted yet. I hear Dorrie went up by my place for a few days. A pity you could not have got home to. Kindest regards

from yours sincerely
