

Birkenhead

6th Dec^r 1915

To all whom it may concern.

This is to certify that I have personally known Master
Purbert Henry Meredith since childhood, & have had
ample opportunity of judging of his general character etc.
He is a lad in whom I have every confidence in
recommending to any person requiring his services,
his parents are old residents of Birkenhead, & are
highly respected. The lad himself is of a general
disposition & most obliging & courteous in his manners.

I Am etc
