THE BOROUGH FINANCES.

MOBILES HELPING THE RAIDS. In moving the adoption of the above Aid (General) referred to in the abstract of accounts for the year ending March 31, 1916, the Council resolved to grant £100 for the purchase of motor cars for the use of the Fire Brigade and for the use of the Fire Brigade and for the use of the Fire Brigade.

WAR BONUS FOR TEACHERS.

THE MAYOR ON THE PAY AND STATUS OF THE TEACHERS. The Mayor moved the confirmation and adoption of the minutes of the Education Committee.

WAR PENSIONS COMMITTEE.

SOME VERY UNSATISFACTORY. The Town Clerk submitted the quarterly report of the local War Pensions Committee, from which we take the following: The Department of Pensions has advised that names and addresses of all discharged soldiers and sailors who have been awarded pensions in any case in order to ensure that every discharged soldier and sailor in the borough is covered by the provisions of the Act, and is given assistance in obtaining employment.

ing either a permanent advance or a war bonus to their teachers. He thought they were paying as much as any other education authority in the county, and that that was not the proper time to advance them 71 per cent, which meant putting another burden on the shoulders of the teachers, and that that was not the proper time to advance them 71 per cent, which meant putting another burden on the shoulders of the teachers.

Councillor Gooch, replying to Councillor W. Greenwood said he was not aware of giving a war bonus to the teachers, and did not want to leave them out altogether; but he thought the amount granted was too much.

The Mayor, replying on the debate, called attention to the action of the Council in dealing with its servants upon this question of salaries during the last two or three months. It seemed to him to be unfortunate that they should imagine or say that the teaching profession was not getting what they ought to have, were those who should have the increase.

The resolution was carried with applause. The Mayor said that he had been very much pleased to see that the Council had appreciated the very kind things which had been said by the Mayor.

Statutory Committee, and in some cases the restrictions imposed by the regulations make the allowance inadequate. On a representation made to the Statutory Committee they have agreed to continue the provisions to be continued for a longer period than that stated in the regulations.

THE MAYOR'S UNIQUE SERVICES. Ald. Dawson said that as that was the last meeting of the municipal year it was certainly somewhat unusual if they did not very cordially thank the Mayor for his services.
