To His Excellency Lord Ranfurly
Governor of New Zealand

My Lord,

May it please your Excellency to
grant me this request.

I wish to go and strike a blow for Old England
against the Boers as I think we are all entitled to help
our country in time of need.

I Volunteered to go with the first Contingent but
they wouldnt accept me owing to me not been a Volunteer
so I am again Volunteering for to go with the 3rd and I
would be ever indebted to you if you could possibly see
your way to aid me.

I have been drilled at home in the Farm yard in
the year 95 or 96 by J Fitzsimmons.

Hoping you will grant me this favour

I am my Lord

Your humble servant

(signed) Wm Watters.
